#### 1. INTRODUCTION

#### 1.1 OVERVIEW

#### 1.1.1 Who is PURCO SA?

PURCO SA – the Purchasing Consortium Southern Africa NPC - is a group-purchasing organisation for Higher Education Institutions with a membership consisting of all 26 South African Public Universities, 19 Associate Members and 16 TVET Colleges. This gives a total membership of 60 institutions.

PURCO SA is committed to saving our Members time and money through professional and focused collaborative procurement, whilst strengthening partnership with all stakeholders in Higher Education Sector in Southern Africa.

#### 1.1.2 WHAT DOES PURCO SA AIM TO DO?

PURCO SA intends to significantly reduce the Total Costs, while maintaining or improving the quality of the service. PURCO SA will pursue its goal through consolidating the volume of goods and services procured by the HE sectors.

The aim of the tender is to appoint a panel of service providers nationally for the PURCO SA membership. PURCO SA engages on a voluntarily basis with its service providers. Once the panel of service provider has been approved, the PURCO SA Member will make their final decision on the selection of service provider/s and in some instances may choose not to contract with any of the panel of service providers.

#### 1.1.3 WHAT IS PURCO SA LOOKING FOR?

This initiative is intended to identify suppliers of the goods and services/products ("Suppliers") that can best service PURCO SA's requirements for the goods and services. Through this process PURCO SA wishes to establish a new level of cost transparency with its Suppliers in order to facilitate long-term cost control. Invoice price is critically important to us and this, together with the Suppliers commitment to cost transparency, will form the initial screening process. Determination of Suppliers continuing in the procurement process after this initial screening will include consideration of the following factors:

- a) Transparency of goods and service cost;
- b) Minimisation and reduction of "Total Costs" (as that term is defined in section 1.3.3 below);
- c) Capability of Suppliers in meeting PURCO SA's requirements;
- d) Suppliers' commitment to PURCO SA's needs; and
- e) Black Economic Empowerment

#### 1.1.4 SUMMARY OF KEY MATTERS FOR CONSIDERATION BY POTENTIAL SUPPLIERS

Key matters for consideration by Suppliers include:

- This process will afford Suppliers the opportunity to acquire and /or increase their level of business with PURCO SA;
- b) Senior Management in PURCO SA are directing this assessment;

| PUR6300/2 SUPPLY OF BRANDED, | <b>UNBRADED</b> | <b>BOTTLED</b> | WATER | AND | WATER |
|------------------------------|-----------------|----------------|-------|-----|-------|
| DISPENSERS                   |                 |                |       |     |       |

- c) A cross-functional team has been formed to facilitate this assessment and is empowered to make decisions in the best interests of PURCO SA;
- d) PURCO SA is prepared to significantly alter current purchasing patterns of the goods and services in order to take advantage of opportunities and achieve benefits for the whole Membership;
- e) Time is limited in the final Suppliers selection process;
- f) PURCO SA's objective is to reduce costs initially and then to achieve further on-going reductions in Total Costs. PURCO SA is expecting to identify Suppliers that can meet its need at an extremely competitive cost;
- g) The evaluation of potential Suppliers will also include important non-cost considerations, such as quality, service, implementation ability and other factors;
- h) This sourcing program must not disadvantage any operation at any site operated or managed by that relevant Member; and
- i) Prospective Suppliers' are requested to submit their best price at this time, as only competitive Suppliers will be invited for further discussions.

#### 1.2 PURPOSE AND OBJECTIVE OF THE RFP

#### 1.2.1 PURPOSE

The purpose of this RFP is to collect cost of goods and services, pricing and general information on your business as part of our program to determine the Supplier or Suppliers most capable of supplying the goods and services to PURCO SA. PURCO SA's objective is to identify opportunities to significantly reduce purchase costs and to improve the value added from all Suppliers of the goods and services.

#### 1.2.2 How AGREEMENT IS TO BE FORMED

Responses to this RFP will form the basis for any agreements reached and such responses will represent a firm offer by the Supplier to agree to supply the goods and services to PURCO SA as detailed in the pricing table proposed (see Annexure B1).

# 1.3 EVALUATION CRITERIA

#### 1.3.1 OBJECTIVE

PURCO SA's objective is to assist our Members to collectively procure goods and services at competitive prices, acceptable quality and on-time delivery. Suppliers selected to participate with PURCO SA to meet this objective can anticipate an on-going commercial relationship.

# 1.3.2 INVOICE PRICE

Prices provided by Suppliers and transparency in the underlying costs will be the initial basis for evaluating Supplier's responses.

Suppliers which are assessed favorably at this first test will then be further assessed by reference to the matters set out in the remainder of this section below.

#### 1.3.3 TOTAL COST

| PUR6300/2 SUPPLY OF BRANDED, | UNBRADED B | ROTTLED | WATER    | AND | WATER |
|------------------------------|------------|---------|----------|-----|-------|
| DISPENSERS                   |            |         |          |     |       |
|                              |            | C       | onfident | ial |       |

"Total Costs" will be an important parameter for Supplier assessment. "Total Costs" is defined as follows:

"Total Costs" means the sum of all direct and indirect costs associated with the purchase of the goods and services incurred by PURCO SA, including but not limited to the invoice price, goods and services life, service maintenance costs, distribution costs, transaction costs, inventory costs, purchasing administration costs and other costs incurred with the use of the goods and services provided by the Supplier."

Suppliers can reduce Total Costs through one or more of the following approaches:

- a) Lowering prices for the goods and services;
- b) Lowering logistic costs;
- c) Increasing value from service and support; and/or
- d) Offering superior goods and services performance.

Suppliers are expected to provide highly competitive pricing - pricing reserved for their largest and most important account - both at the outset of the relationship and on an on-going basis. PURCO SA expects to work with Supplier(s) to continuously identify opportunities to reduce Total Costs.

#### 1.3.4 COST TRANSPARENCY

PURCO SA desires to achieve clarity on the costs of all aspects of the supply of the goods and services. The details requested in this RFP are intended to deliver the required level of transparency. Any gaps in Supplier responses will be interpreted as an unwillingness to participate with PURCO SA in the desired relationship and will seriously disadvantage the Supplier.

#### 1.3.5 SUPPLIER CAPABILITY

PURCO SA will make an assessment of Supplier capability on the basis of PURCO SA's experience and information provided by Suppliers in response to this RFP.

#### 1.3.6 ADDITIONAL INITIATIVES

Suppliers are encouraged to be creative and develop suggestions to enhance Supplier relationships, quality, and service levels that will be cost effective for PURCO SA. These suggestions may lead PURCO SA to promote options for new goods and services to the Members.

#### 1.3.7 EMPOWERMENT

PURCO SA is serious in its commitment to the previously disadvantaged groups and will expect selected Suppliers to demonstrate that they share that commitment. Accordingly, a BBBEE Certificate in terms of the Codes of Good Practice issued by an accredited rating agency must be submitted.

#### 8.3 STAGE 2: PRICE AND BBBEE

Only tenders that achieve the minimum stipulated threshold for functionality of 70% will be evaluated further in accordance with the 80/20 preference point systems. The 80 points will be allocated for price whilst, 20 points will be allocated for BBBEE both totaling 100 points.

The formula below will be used in calculating points scored for the Preference points system

#### 8.3.1 STEP 1: CALCULATION OF POINTS FOR PRICE

The first step under price and BBBEE is to calculate the price points for tenderers who progressed to this stage of evaluation as per formula below.

$$Ps = 90 \begin{cases} 1 - \underline{Pt - Pmin} \\ \underline{Pmin} \end{cases}$$

Where

Ps = Points scored for comparative price of tender under consideration.

Pt = Comparative price of tender under consideration.

Pmin = Comparative price of lowest acceptable tender.

#### 8.3.2 STEP 2: BBBEE LEVEL OF CONTRIBUTION

Page: 27 of 41

The second step under price and BBBEE is to calculate BBBEE points for tenderers who progressed to this stage of evaluation as per below BBBEE status level of contribution.

The level 1 contributor will obtain 10 points and the last level contributor will obtain the lowest points as per table below.

| BBBEE Status level of Contributor                              | Number of points (90/10 system) |
|--|---------------------------------|
| 1  | 10                              |
| 2  | 9                               |

| 5  | 4                               |
| 6  | 3                               |

| * Only a SANAS accredited or similar certificate is acceptable |                                 |

#### 8.3.3 STEP 3: FINAL SCORE

The points scored for price (step 1) will be added together with the points scored for BBBEE (step 2) to obtain the tenders total points.
